

Ethan is dusting TV's when he comes across one with more than a few FOR SALE signs on it.

ETHAN

Why does this TV have all these sale signs on it?

The price is clearly marked several times.

JAY

So I can win a bet we made.

ETHAN

What bet?

JAY

Remember the other day when I said that people would ask the price for something no matter how you mark it because people always think that every price in a pawnshop is not really what is marked?

ETHAN

Yeah.

JAY

Then you said, "Man people aren't that dumb." And then I said "wanna bet?" And then you said "Sure," then I just walked away.

ETHAN

Yeah?

JAY

(annoyed)

Well, if I get someone to come ask what the price of that TV is, which they will because people are ignorant retards. Then you have to make out with the manikin.

ETHAN

What? I never made that bet...You just walked away and we never agreed to any terms.

JAY

(to himself)

Freaking FNG...

(to FNG)

Look if someone says "Wanna bet?" In a pawn shop and you don't immediately say "no" then the bet is on...And the bet is always the same...Losers make out with the manikin for 2 minutes...

ETHAN

You mean the head in the back room? That thing is disgusting.

INSERT - Manikin head in back room.

BACK TO SCENE

JAY

Sure is, we haven't washed it ever. Man, many people have had to slop that thing over, even I had a go at it once. Trust me, I don't envy you.

Shorty walks by.

ETHAN

(to Shorty)

Shorty, is the rule about the...

Shorty replies without hesitation and keeps on walking by.

SHORTY

Yep, you gotta make out with it.

JAY

Maybe I'm wrong and nobody will ask about the price.
