

EXT. GAS STATION DAY -

Puller and Galliger pull up to the gas station. It is on a remote highway in the middle of nowhere. They stop and get out of the car, they walk up to the door and an officer lets them pass. They walk inside.

PULLER

What in the hell happened here?

We see 3 people on the floor, covered in blood. The store is a mess. A detective "KURT MCDONALD" walks up to Puller.

KURT

Still trying to figure that out.

GALLIGER

Looks like a mess.

PULLER

Do you know who did this these people?

KURT

They did.

GALLIGER

They did?

KURT

That's right. They attacked each other. Hell some of them even seemed to have stabbed themselves.

PULLER

What? Why in the hell would they do that?

KURT

Don't know. The witness says when he came in the store these guys were asleep.

GALLIGER

Asleep?

KURT

That's right, Like on the floor sleeping. The witness out there (the camera cuts to a man leaning on a cop car) He tried to wake them and he couldn't. He went outside to get help and when he turned around they were waking up.. Then they just started going crazy.

PULLER

And that guy witnessed all that?

KURT

That's what he is saying. Cant find
a reason to call him a liar yet. We
will have to wait for the footage
to get back.

PULLER

Wait, you have footage?

KURT

Well the DVR was busted up good, but the tech guys tell me it one of those kind that back up to the cloud. So we just have to wait a day or so for the company to get us the footage and well know for sure.

PULLER

That's good to hear. Can you send that to me ASAP?

KURT

Sure, ill make sure you boys get a copy.

PULLER

Thank you.
